

Guide to giving notice of challenge matches

Per Camogie Association rules, clubs do not have to ask permission to play challenge matches, but they are required to give prior notice of the match for insurance purposes. It is preferred, and straightforward, for clubs to take on the task of notifying the appropriate bodies directly rather than expecting the County Secretary to forward the notice. Below are details of the information needed and the appropriate bodies to be notified. While there is no minimum notice period specified, clubs should aim to provide at least 2 days notice to allow time for notified bodies to respond should there be a problem with the scheduling of the match.

Information needed:

Which of your teams is involved?

Who are the Opposition?

Where is the match to be played?

Date of the match, and time if available?

Referee name if available?

Who do I copy: Depends on where the opposition is from.

1. Opposition is a club in Kildare:
